PUB WATCH & SHOP WATCH REMINDER

Do you use your DISC app and radio to its full advantage? We run Shop Watch & Pubwatch schemes to support you and to protect your businesses from criminal activity. What we need in return is your updates of information and incidents that are happening out on the ground on a daily basis. Reporting an incident on our DISC app means that it also is reported directly to the Police too. If you're not sure what to do call a ranger and they will be happy to go through it with you and your team.

In order to make the most out of the town rangers, when you need them to attend to your business as quickly as possible, for example if the offender is still in store or you feel worried and need immediate back up. Please say your business name and CODE 10 on your radio and a ranger will attend as quickly as they can.

LITTER PICKING

Our Town Rangers have been busy litter picking the town centre in the areas that are business owned. Here are some after photos.

EASTLEIGH COMES OUT IN TOP TEN LOCATIONS IN UK FOR FAMILIES

Eastleigh has been named as one of the top ten locations in the UK to raise a family, as a part of a recent survey based on factors that people look for when buying a new home.

The research by online estate agent Yopa has combined factors including average house prices, local schools, crime rate, drug use, alcohol use, pollution, road safety, obesity levels, average salaries and job opportunities and scored each town and city out of a possible 240 points to rank the 204 locations.

After analysing all of these factors, Yopa announced that Eastleigh is among the best places to live as a family as it was ranked fifth in the list of best UK locations.
